

Easy Smart Grid pitches for energy players!

After presenting our technology to different conference in Europe, we are now invited to pitch our idea for energy professionals. 3 to 5 min to present in a nutshell who we are, why is our technology easy and competitive,...why should you partner with us to support the smart energy transition. Challenge accepted!

Marie Berger | *Finance and Marketing Manager*

## **Pitch in Berlin by the EIT ICT Labs Idea Challenge next Friday! (31.10.2014)**

Easy Smart Grid has been selected among the top 10 finalists in the category Smart Energy Systems. On October 31th, we will have the opportunity to pitch and present our technology in front of important market players of the smart energy sector.

## **Pitch film for the SolarPraxis Forum in Berlin! (26.11.2014)**

We've realized a movie to present the outlines of Easy Smart Grid. Solarpraxis organizes a start-up event at the end of November where we'll have a chance to pitch for professionals of solar energy. This is a great chance to develop partnership.
